

PLC Closets

1408 Rail Head Blvd
Naples, FL
34110

Phone: (239) 260-1890

PLC Closets is a locally owned Naples Florida business started by Colm Walker a cabinet maker from the green isles of Ireland. We have been in the cabinet making business for almost 25 years. Our exceptional craftsman specialize in creating custom closets and storage systems for every space in your home. We strive to make the design process fast, easy and fun from start to finish. We can work on the bedrooms, but we can also help to tame the clutter in linen and entryway storage as well. One major difference between PLC Closets and the competition is we are able to provide a much wider variety of materials, finishes, and options. We aren't locked into a specific set of colors or hardware like the franchise companies. For the most part, if you want something, we can find a way to make it happen.
